"It was an absolute privilege to be part of something that had a worthy goal, but also was managed so very professionally. You and your team proved that you understand how to get the detail right."

Gavin Rimmer, UTI

"It was truly one of the best things I have done in my life."

Kevin Gleeson, Old Mutual

"This has to have been the best organized cycle tour ever. The cherry on top was to arrive at the office to find a framed photograph of me finishing on the Bridge at Vic Falls...What a treat! "

Lee Bowes, PartServe Channel Support

"Although cycling through 4 African countries in 3 days is in itself a lifetime experience, the manner in which it was made possible and the way we were treated was an experience all on its own. "

"What a fantastic evening last night was, thank you! You both talk about my passion, but it is nowhere near the two of yours, and combined, you are a force to be reckoned with. I think you should rename your trust "Change a Nation", because you are literally doing that. Thank you again so much for your unbelievable support of the DNA Project and all that we do. I met so many incredible people last night, all of whom gave me invaluable advice as well as proffered their help in the ways in which they were able."
